

THE FAN EXPERIENCE

SURROUND HD SPORTS SIMULATOR UNDER £25,250

STADIUM TOURS

Fully interactive stadium tours are now possible, allowing fans to play different challenges within their own team's stadium. Fans can immerse themselves within the virtual stadium, reliving and performing memorable game scenarios. Challenges such as free kicks, penalties, throw in's, corners and many more game modes can be performed. Fans will become fully engaged, allowing greatly perceived financial value for their stadium tour, with over 500 stadium venues playable.

STADIUM MUSEUM

By allowing fans to play inside the exact replica of the current stadium, the museum becomes fully interactive and fun. If the club is developing a future stadium, allow the fans, the sponsors and the press to play the stadium now and generate huge publicity. The museum can relive historic moments, by allowing the previous iconic stadium to be reborn and playable, inspiring fans of all ages.

ATMOSPHERE

3D fully reactive crowds that boo, cheer and react depending on success, creating a wonderful experience for the player. Fan team chants are played whilst competing on the simulator, bringing the stadium to life and further enhancing the Fan Experience. Match Play enables home and away team events to be played, featuring both stadiums, flybys and 10 different game challenges, ideal for training and corporate events.

CLUB STORE

Installing within the Club Store ensures the store becomes a major draw 365 days a year, not just during the 30+ home fixtures, per season. Club staff can easily organise in-store competitions for, men, ladies, seniors and juniors, with different difficulty levels applying. The Club Store soon becomes busy throughout the year, generating much larger footfall and turnover.

FUTURE DEVELOPMENTS

Sports Coach Simulator continually develops the latest cutting edge technology. Currently under development is the ability to embed fans own faces, onto their playing character. After playing a Game Challenge fans can have a comprehensive video of themselves, uploaded to their social media accounts. This Ultimate Experience will be reposted around the world, generating huge publicity for the Clubs Sponsors, as their brand appears on the pitch signage and hoardings.
